The orange groves through Caloosa, Owarita and Alva are looking fine and show plenty of fruit, although the old groves are not fruiting as well as a year ago, there being about 75 per cent of last year's crop.

It is reported that quail are so numerous in the vicinity of Outler and Homestead that planters have to protect their tomato seed beds to prevent them being destroyed by the birds.

Drexel Husband, a seven-year-old boy of Clermont, fell between the cars in trying to jump on the tender of a locomotive, and had one leg crushed so badly that amputation was necessary. He died from the shock.

Thousands Have Kidney

Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

ALFALFA IS PROLIFIC.

One of the Best Stock Feeds and Prolific Bearers on the Farm.

T. B. Lahier of Tavares, who has been in the city for the past two days, brought from the farm of Judge P. B. Weaver, who resides near Leesburg, a sample of alfalfa, which is regarded as one of the best and most nutritious stock feeds that can be produced. The sample in question is twenty inches high and came from the seventh cutting from the same sowing from ordinary pine land.

Mr. Lanier states that many of the farmers of Lake county are turning their attention to alfalfa as a stock feed for two reasons—first, prolific and continued yield with original planting, and second for the superior nutritious qualities of the weed, which is similar in this respect to the velvet bean. It has been demonstrated that this weed will harvest four tons to the acre each cutting on ordinary land.

Parties interested may secure further information regarding this forage by writing to Mr. Lanier at Tavares or Judge P. B. Weaver of Leesburg.

How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

Mississippi Mob After Negro.

Meridian, Miss., Sept. 29.—George Evans, a negro, who had just served a sentence of eight years for man slaying, criminally assaulted a 15-year-old negro girl near Voseburg, 40 miles below this city. A posse of white and negro men are now in pursuit. Evans remained in the neighborhood of the crime. Hounds were secured by the deputy sheriff, and a man hunt is now in progress. Negro members of the posse declare they will lynch Evans if he is caught.

LITTLE BOY HELD FOR RANSOM.

"Black Hand" Demands \$500 or They Will Kill the Prisoner.

New York, Sept. 29.—Antoine Marensin, the 6-year-old son of Frank Marensin, a Brooklyn contractor, has been missing since last Sunday, and his father believes he has been kidnaped to secure a ransom by the "black hand" methods.

Two weeks ago the father began to receive letters demanding \$500 on pain of abduction of a member of his family. Since the boy has disappeared he has received four others offering to return the boy if \$500 is paid. In one letter a threat is made to "return the boy in a box," if the money is not paid.

An odd coincidence to which the police give some attention was the fact that Marensin and a boy cousin of Brooklyn who was kidnaped several months ago and that Salvatore Mannino, the uncle of the boy, and who returned him to his parents, cannot be found by the police.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." Illinois Bank Robbed.

Chicago, Ill., Sept. 29.—Burglars early today entered the private bank of C. P. Burnett & Sons, at Eldorado, Ill., wrecked the vault and carried off between \$8,000 and \$10,000 in currency and gold. Many shots were exchanged between the burglars and the citizens, but owing to the darkness, none of the shots took effect. Bloodhounds have been put on the trail of the burglars.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.
